

Pre-Conference CME: 20th December 2018

	Topic	Speakers	Chairpersons/Moderators	
9.00-10.40 (Each 15 min presentation and 10 min Discussion)	Session I: Renal Pathology			
	Tissue staining in practice of renal histology	Nachiketa Mahapatra , Bhubaneswar	Nikunj Rout, Bhubaneswar	Hall A
	Electron microscopy- is it essential for all	P.S. Vali, Hyderabad	Gopal Prasad, Patna	
	Immunofluorescence and immunohistochemistry study	Vinita Agrawal, Lucknow		
	Tissue genetics- when it is required	Amit Dinda, New Delhi		
9.00-10.40 (Each 15 min presentation and 5 min Discussion)	Session I: Dialysis Technology in Indian perspectives			
	HDF	Anupama Kaul, Lucknow	Vivekanand Panda, Cuttack	Hall B
	SLED	Ravi Shankar Bonu, Bangalore	Arvind C, Bangalore	
	CRRT	Pratik Das, Kolkata		
	Innovationg Dialysis machine in India	Vincent Lyod, Bangalore		
Alternative forms of MHD(Home hemo/noct HD)	Pankaj Hans, Patna			
10.40-11.00	Tea Break			
11.00-12.40 (Each 15 min presentation and 10 min Discussion)	Session II : Renal transplant histology			
	A Case of Late acute rejection	Ajay Kher, New Delhi	G.C. Das, Bhubaneswar	Hall A
	Histological perspectives?	Anila Abraham, Chennai	A K Baidya, Ranchi	
	Immunological work-up	Shruti Tapiawala, Mumbai		
Treatment of TG	Suceena Alexander, Vellore			
11.00-12.40 (Each 15 min presentation and 5 min Discussion)	Session II: Dialysis			
	Hypertension during dialysis: Approach and management	Amol Mahaldhar, Goa	Minaketan Kar, Bhubaneswar	Hall B
	Sodium remodelling: when and how it is done?	Valentine Alexander Lobo, Pune	N Sharat Kumar, Imphal	
	Hyperkalemia in patients on maintenance dialysis: how to deal with?	Guiliver Potsangbam, Imphal		
	Is there need of low calcium dialyste bath in Indian HD patients?	Sukanto Das, Bhubaneswar		
Hypotension during dialysis	Amresh Krishna, Patna			
12.40 – 13.40	Lunch Symposium: Bladder dysfunction and urodynamics	Arvind P. Ganpule, Nadiad	Rasika Sirsat, Mumbai P. Soundararajan, Chennai	Hall A

	Session III : Renal pathology: vasculitis			
13.40-15.20 (Each 15 min presentation and 10 min Discussion)	A case of rapidly progressive glomerulonephritis	Namrata Rao, Lucknow	Ravindra Prabhu, Mangalore	Hall A
	Renal Histology: importance of crescent staging	Manoj Jain, Lucknow	R Duggal, New Delhi	
	Immunofluorescence and immunohistochemistry study: how it is helpful	Ritambhara Nada, Chandigarh		
	Treatment approach for RPGN	S Parameshwaran, Pondicherry		
13.40-15.20 (Each 15 min presentation and 5 min Discussion)	Session III: Dialysis			
	Non CAD cardiovascular complications in dialysis	Mayuri Trivedi, Mumbai	Om Kumar, Patna	Hall B
	CKD-MBD in dialysis patients	S. Balamurgan, Trichy	P.K. Sahoo, Cuttack	
	Klotho in depth- kidney and vascular effects	Sishir Gang, Nadiad		
	Osteoporosis in CKD: Is it forgotten	Vishwanath Billa, Mumbai		
Guideline for pre transplant cardiovascular assessment	Muzaffar Wani, Srinagar			
15.20-17.00 (Each 15 min presentation and 10 min Discussion)	Session IV : Renal pathology: nephrotics in adults			
	Management of adults MCD	Raja Ramchandran, Chandigarh	Sanjeev Gulati, New Delhi	Hall A
	Management of adult FSGS	Dipankar Sircar, Kolkata	NP Singh, New Delhi	
	How to deal with immunosuppressions refractory NS?	Arpana Iyengar, Bangalore		
How pathologists can help in making final pathway in reaching to diagnosis	Swarnlata, Hyderabad			
15.20-17.00 (Each 15 min presentation and 5 min Discussion)	Session IV: Dialysis			
	PD catheter insertion	Santosh Varugese, Vellore	Sanjay D'Cruz, Chandigarh	Hall B
	PET and its modifications	Narayan Prasad, Lucknow	S B Raut, Bhubaneswar	
	Management of refractory peritonitis	Tarun Jeloka, Pune		
	Management of culture negative peritonitis	Sandip Mahajan, New Delhi		
Telemedicine in Peritoneal Dialysis	KS Nayak, Hyderabad			
17.00-17.30	Guest Lectures: plenary session			
	Genetics in the Renal Clinic	Jai Radhakrishnan, USA	Arghya Majumdar, Kolkata R N Sahoo, Bhubaneswar	Hall A
17.30-18.00	Therapeutic drug monitoring post transplantation	George T John, Australia	A C Mahakur, Bhubaneswar Sanjay Pandya, Jamnagar	
6.30-7.30pm	Inauguration			
8.00PM onwards	Cultural programme and Dinner			

Day-1: 21 December 2018

08.00-8.30 am	Breakfast symposia: Newer way of tackling anaemia in CKD	George T John, Australia	Hemant Kumar, Patna G H Mallik, Srinagar	Hall A
08.30-09.10	Prediction of AVF maturation	Alfred Cheung, USA	Pradeep Deshpande, Hyderabad S Rana, New Delhi	
09.10-9.50	KS Chugh Oration Lupus Nephritis: Past, Present and Future.	Jai Radhakrishnan, USA	IB Sinha, Patna T Raviraju, Vijaywada	
9.50-10.20	Hemolytic Uremic Syndrome and Complement	David Kavanagh, UK	V Sivakumar, Tirupathi Bharat Shah, Mumbai	
10.20-11.40	Free paper session (click here to view) and one mini lecture (15 min) mini lecture topic	Mini lecture: CAPD on long term in India- Ram Rapur, Tirupati	SK Pareek, Jaipur Nishit Mohanty, Bhubaneswar HS Gill, Mohali	Hall B
	Each free paper (8 papers) total eight mins - 6 min presentation and 2 min discussion (click here to view) and one mini lecture (15 min) mini lecture topic	Mini lecture: what do you know about CKDu in Indian scenario? Gangadhar Taduri, Hyderabad	Arpita Roy Chaudhary, Kolkata UK Sharma, New Delhi Padmnabhan, Chennai	
11.40-12.00	Tea Break			
12.00- 13.00	Poster viewing (Click here to view)	Chairpersons/Moderators		
13.00-14.30	Lunch Session			
	Lunch Symposia : An overview of strategies to enhance CKD care in the community - focusing on the CKD pathway	Brenda Hemmelgran, UK	Vinay Mehrotra, Jaipur Harun Rashid, Bangladesh	Hall A
	Enetric Dialysis- Modulation of Gut Micro Biome	Raymond Vanholder, Belgium	Sampath Kumar, Madurai K.C. Gurudev, Hyderabad	
	Getting stoned: renal calculus disease			
14.30-16.00 (Each 15 min presentation and total discussion time 15 mins)	Pathophysiology of calculus formation	Pratim Sen, Kolkata	Mukut Minz, Chandigarh	
	Evaluation of recurrent stone former	Jatin Kothari, Mumbai	A P Patnaik, Bhubaneswar	
	What a nephrologist should know about surgical management of stones?	D Hota, Bhubaneswar		
	Medical management of stone disease	Jacob George, Trivandrum		

	How calculus cause renal failure ?	Edwin Fernando, Chennai		
	AKI in different settings			
	AKI in ICUs in India	Rajshekhar Chakravarty, Hyderabad	Mohd Rafiqul Alam, Bangladesh	Hall B
	Internal audit AKI registry of ISN	Narayan Prasad, Lucknow	Ratan Jha, Hyderabad	
	Community acquired AKI	Atul Mulay, Pune		
	Modality of RRT in sepsis induced AKI	Tuka Ram Jamale, Mumbai		
	Pyelonephritis and AKI without comorbidities	M. Sreelatha, Calicut		
16.00-16.20	Tea Break			
	Orations and Guest Lectures			
16.20-16.50	Patient Centered Innovation in Kidney Disease: from the Kidney Health Initiative to Kidney X	Pravir Roy Chaudhary,USA	RK Sharma, Lucknow Gopesh Modi, Bhopal	Hall A
16.50-17.30	Managing hypertension in CKD	Alfred Cheung, USA	Anuradha, Hyderabad Deo Dutta Chafekar, Nasik	
17.30-18.10	Novel way to asses adequacy of dialysis	Ananth Karumanchi, USA	R Kashi Visheswaran, Kochi Rajan Ravichandran, Chennai	
18.10-19.00	Governing body meeting			
Day-2: 22 Dec 2018				
08.00-08.30	Breakfast symposia: How do you manage ADPKD in 2018-19.	PP Varma, New Delhi	KN Prasad, Lucknow Sidharth Das, Bhubaneswar	Hall A
08.30-09.10	Presidential oration	Mohan Rajapurkar, Nadiad	Chakko K Jacob, Bangalore Dilip Bhalla, New Delhi	
09.10-09.50	Antibody Mediated Rejection: from Bedside to Bench to Bedside	Pravir Roy Chaudhary,USA	Nandita Chaudhary, Guwahati Swarnlata Guditi, Hyderabad	
09.50-10.20	President ISN: "Why do we need more clinical trials and cohort studies in nephrology?"	Vivekanand Jha, New Delhi	Ashwini Gupta, New Delhi Sanjeev Jasuja New Delhi	

10.20-11.20 (Each 10 min presentation and 5 min discussion)	AKI in Cancer patients: How to deal with?	Jitendra Kumar, Faridabad	OP Kalra, Rohtak	
	Renal lesions in cancer patients?	Dipankar Bhowmik, New Delhi	Pradeep Salgia, Indore	
	Biologicals for cancer affecting kidney	Ranjith Nair, New Delhi		
	Medical management of metastatic RCC	Vinant Bhargava, New Delhi		
10.20-11.20 (Each 10 min video with discussion 5 min)	Video Based Presentations of Complications			Hall B
	Central Venous stenosis	Hemant Mehta, Mumbai	Rishi Kafle, Nepal	
	AVF stenosis	Raghunandan, Lucknow	Tanmoy Das, Guwahati	
	Transplant artery stenosis	Abhijeet Konnur, Nadiad		
	Post transplant bleeding	Hardik Patel, Nadiad		
11.20-12.35	Mini lecture Free paper- 8 papers - Click here to view (including Rekha Memorial Tanker award)	Luminex methodology made transplantation easy. S B Bansal, New Delhi	D S Ray, Kolkata Pankaj Shah, Ahmedabad A S Naroola, New Delhi	Hall A
	Mini lecture Each free paper (8 papers) total eight mins - 6 min presentation and 2 min discussion -(Click here to view)	How to do costing for maintenance HD. Manish Rathi, Chandigarh	N K Hase, Mumbai, Vivek Kute, Ahmedabad Abi Abraham M, Kochi	Hall B
12.35-13.35	Poster viewing (click here to view)	Chairpersons/Moderators		
13.35- 15.00	Lunch Session			
	C3 glomerulopathy	David Kavanagh, UK	Kishore Babu, Bangalore D K Pahari, Kolkata	Hall A
	Journey from conventional HD to online HDF	Vijay Kher, New Delhi	Umesh Khanna, Mumbai Jayant Basu, Kolkatta	
15.00-15.30	Vidya Acharya Memorial Oration: Invasive fungal infections in renal transplant recipients: Then and now	K L Gupta, Chandigarh	Georgi Abraham, Chennai, Pradeep Despane, Hyderabad	
15.30-17.00	Panel discussion: DKD		Panel discussion coordinator	
Each panelist will	Changing diagnostic criteria for diabetes	S. Sural, Kolkata	Gokulnath, Bangalore	
	Newer anti-diabetic in prevention of DKD	Manisha Sahay, Hyderabad		

	Safer use of OHA in advance CKD	D. Mulkerjee, New Delhi		Hall A
	Co-existing nondiabetic histological manifestation in DKD	Urmila Anand, Hyderabad		
	Comorbidities affecting outcome of diabetic CKD	A K Bhalla, New Delhi		
	Is it safe to transplant elderly diabetic beyond 60	Dinesh Khullar, New Delhi		
	Should ACEI be used in normotensive diabetic to prevent nephropathy	J P Tewari, Goa		
	Guest lectures			
17.00-17.40	Uncommon Viral diseases in Kidney Transplant recipients	Priscilla Rupali ,Vellore	Alan Almeida, Mumbai V N Unni, Kochi	
17.40-18.20	Pathogenesis of Preeclampsia: Implications for Cardiovascular and Chronic Kidney Disease	Ananth Karumuchi, USA	Rajendra Pandey, Kolkatta Umesh Lingaraj, Bangalore	
General Body Meeting				
Day3: 23 December 2018				
08.00-08.30	Breakfast Symposium: How important is lowering phosphate in CKD?	S C Dash, Bhubaneswar	Sreebhusan Raju, Hyderabad Anita saxena, Lucknow	
8.30-9.10	Hypertension - post sprint trial	Ashok Kirpalani, Mumbai	C R Kar, Bhubneswar U S Rai, Patna	
9.10-9.50	JCM Shastri oration: Economic benefits of Peritoneal Dialysis in India	Amit Gupta, Lucknow	Prasanna Kumar Das, Bhubaneswar AR Dutta, Kolkatta	
9.50-10.20	Kidney Failure Risk Equation (KFRE) to guide CKD care	Brenda Hemmelgrarn, Canada	Tushar Dighe, Pune Sanjay Kumar Agarwal, New Delhi	
10.20-11.20	CPC	Clinical discussant: N Gopal krishnana Pathology Discussant: GC Fernandes, Mumbai	Vinay Shakhuj, Chandigarh A.N. Sadre, Pune	Hall A
11.20-11.40	Tea Break			
11.40-12.30	Debate: It is time to stop worrying contrast induced AKI			
		Abhijeet Taraphdar, Kolkata-For H S Kohli, Chandigarh - Against	Dr. S C Tewari, New Delhi; S.J. Acharya, Nagpur	
12.30-13.00	Bansal Oration: Cool dialysis is it a cool idea? – We are talking hypertension NOT hypotension!	Ilangovan Veerappan, Coimbatore	Raghuvinder Singh, Jalandhar Dhananjay Ookalkar,Pune	
13.00-14.00	Case based discussion			
Each 10 min presentation and 10 min	A case of mixed acid-base disorders	Pinaki Mukherjee, Kolkata	Himansu Patel, Ahmedabad	

discussion	A case of hypercalcemia	Rushi Deshpande, Mumbai	Ravi Elhence, Lucknow	Hall A
	A case of celphos poisoning	Manas R Patel, Lucknow		
Each 10 min presentation and 10 min discussion	Case based discussions			
	A case of Heat stroke and AKI	Mitul Bora, Assam	Chakko Varugese, Cochi	Hall B
	A case of Diarrhea in renal transplantation	T Balasubramaniam, Chennai	T.K. Saha, Hyderabad	
	A case of constrictive pericarditis	Sandip Panda, Bhubaneswar		
	Closing, lunch and departure
